

76th INDONESIAN INDEPENDENCE DAY

Visit Bali's best beach destination and enjoy the chilled sounds, breeze and beauty of the Kandara lagoon.

And you can rest assured you're in a safe environment - health and safety is our number one priority and what better place is there for social distancing than an open beach bar?

Plus all our staff (and their families!) are 100% double vaccinated. In addition we provide an Antigen test service at our entrance lounge for your convenience.

So all you have to worry about is..... well, just relaxing and which cocktail to try next?
