### GWK (Culture Park)

Mandala Garuda Wisnu Kencana, or Garuda Wisnu Kencana (GWK) is a private cultural park on the Bukit Peninsula at the southern end of the island of Bali in Indonesia. Bukit is a limestone plateau with Uluwatu to the west and Nusa Dua to the eastern. It is devoted to the Hindu god Vishnu, and his mount, Garuda, the mythical bird who is his companion. Currently, the statue of Vishnu is 23 m high, although the original plan was for a 146 meter gold plated Vishnu riding Garuda on top of an 11 story entertainment complex. The idea was not without controversy, and religious authorities on the island complained that its massive size might disrupt the spiritual balance of the island, and that its commercial nature was inappropriate.

The beach and the bay of Jimbaran offers small secluded areas. The tranquility and peace you can find here can be a perfect antidote to a stressful world. The land gently slopes away from the beach revealing exclusive celebrity haunts. Some are hidden under a canopy of leafy coconut palm groves. ### Waterbom

Set your own pace for a day of fun in the sun or relaxation in the shade; perfect for the whole family or for that special getaway. With a choice of dining outlets and a swim-up bar for tropical drinks, Waterbom Bali is the one-stop leisure capital of Bali.

### Uluwatu Temple

fficially known as Pura Luhur Uluwatu (yes, that’s the real name: “Luhur” means “something of divine origin” while “Uluwatu” can be broken into “ulu” which means “land’s end” and “watu” means “rock” in the old language). Nonetheless, merely mentioning Uluwatu will get you here in no time. Pura Luhur Uluwatu is regarded as one of the six most important temples in Bali (along with Pura Besakih, of course!). Its location on the south westernmost precinct of this magical island guards the Balinese from the evil spirit of the ocean. See also Kecak Dance or Fire Dance.

### Kuta

Kuta Beach is on the western side of the island’s narrow isthmus. It’s considered Bali’s most famous beach resort destination. Kuta Beach is also minutes away from the Ngurah Rai International Airport in Tuban. The nearby resorts of Tuban, Legian and Seminyak are all within close walking distance. Once a simple, rustic and quiet fishing village, Kuta Beach has witnessed a transformation over the past years. This is due to the rise of various accommodation options, dining and shopping scenes. The rapid growth owes much to visitors, beachcombers and art lovers from nearby Australia. Expatriates also helped pioneer surfing in Kuta, as well. A rather frenzied traffic scene has become commonplace here. Even so, Kuta Beach continues to attract thousands of visitors every year with its unique charm. Kuta Beach is regularly fully-booked over the peak seasons. This is usually from July to August and the holiday season for Christmas and New Year. Travellers look forward to visiting Kuta for a pleasant and affordable Bali escape.

## HIGHLIGHTS OF JIMBARAN, BADUNG

### Legian Beach

Legian Beach is probably the second most popular area with visitors in Bali. This is after Kuta, thanks to its close association with beach life and its parties. Indeed, one of Legian's main attractions is its extravagant nightlife. Another attraction is the white sandy beach filled with tanned wannabe celebrities. For first timers, Legian might feel just like another Kuta. But give yourself a day, an evening walk along the famous Double Six Beach, and a night in a cosy club here. Then, you decide what you'll do with the rest of your vacation. Legian literally means 'sweet' in Balinese. As its name suggests, Legian promises sweet memories of a Bali holiday.

### Seminyak

Seminyak is a mixed tourist residential area on the west coast of Bali in Indonesia, just north of Kuta and Legian. Originally a separate township, this is now another suburb of Kuta. This area is very popular with resident expatriates and land and accommodation prices are amongst the highest in Bali. Plenty of luxury spas and hotels abound. Owing to its high density of high-end shopping, combined with the clustering of many fine eating establishments, it has rapidly become one of the most well-known tourist areas on the island. In addition to a few commercial strips with popular and lively restaurants, bars, villas, and good crafts/furniture shops, there are a few notable establishments: Ku Dé Ta, which is a bar/restaurant with a cult following based on its beach side/semi-resort atmosphere that has earned it the title of number one party spot in various magazines, and Oberoi, which is an expensive hotel with a worldwide reputation. Jalan Raya Seminyak (more often referred to as Jalan Legian), runs parallel with the beach, bisecting the district and acts as its main road artery

Pandawa Beach

### Pandawa Beach

Pandawa Beach, locally referred to as 'Pantai Pandawa', is a great addition to Bali's collection of gorgeous beaches, located on Bali's southern Bukit Peninsula. 'Hidden' behind large carved limestone cliffs that reveal wide views to the Indian Ocean, Pandawa Beach was once also dubbed as 'Secret Beach' and it was officially opened in 2012, fast-gaining popularity among local weekenders and international visitors. Besides its impressive natural sea panorama of white sand, blue sky and surf, Pandawa Beach is also best known for its impressive terrain and manmade limestone features that serve as a one-of-a-kind welcome into this coastal area. Huge cliffs were cut through to make way for its winding and smooth asphalt roads which lead down to the beach.
